

United Engineering Foundation 2018 Grants Approved

| Grantee | Grant Amount | Grant Purpose |
|--|--------------|--|
| National Engineers Week Foundation doing business as DiscoverE | \$100,000.00 | To support to support Reaching the Gate Keepers: Educator Outreach and Marketing Campaign to create and execute a multi-phase campaign aimed at middle school science teachers in the United States. |
| American Society of Mechanical Engineers (ASME) | \$28,000.00 | To host an Engineering Public Policy Symposium in 2018 as a collaborative effort among a large number of engineering societies including ASCE, AIChE, AIME, ASME and IEEE-USA. |
| National Society of Black Engineers (NSBE) | \$100,000.00 | To support the infrastructure of The 50K Coalition activities to promote diversity in the Field of Engineering. |
| American Institute of Chemical Engineering | \$55,000.00 | To support Technical and Engineering Challenges of Addressing the United Nations Sustainable Development Goals |
| Learning with Nature | \$73,715.00 | To support Inspired by Nature: Generating Broad Interest in Engineering Across K-12 to produce the world's first Engineering Inspired by Nature curriculum for upper elementary grades |
| National Building Museum | \$86,000.00 | To support Engineering Solutions a an engineering-focused, livestream educational experience. |
| WCBG Educational Foundation | \$153,655.00 | To support the , Reaching the Next Generation and Non Traditional Populations implementing an a new DSG Club Guide that supports students in inventing solutions to environmental challenges in their own communities. |
| American Society of Civil Engineers Foundation | \$180,300.00 | To support Dreaming Bigger: Leveraging the Dream Big Toolkit for Broader Impact, an educational two disc DVD set including the full-length feature film in English, Spanish and closed captioning, licensed for educational Public Performance Rights; the companion web videos; the teacher's guide (or if space is limited, select lesson plans); and the Girls Night Out guide. |
| American Institute of Chemical Engineering | \$100,000.00 | To support two high level multi-disciplinary road-mapping workshops with reporting for the better planning of resilient infrastructure and disaster resistant communities. |
